

Tobacco Use By Students Policy 2019-2020

Tobacco Use By Students

Purpose: To establish the basic structure for the board's prohibition of tobacco use by students.

The board believes that tobacco use and exposure to secondhand smoke (environmental tobacco smoke) are hazardous to the health of human beings, especially children. Therefore, the board affirms that one of the best methods of instruction is one that is provided within a 100% tobacco-free environment.

High Point Academy does not allow students to use or to possess tobacco products or tobacco paraphernalia. This restriction applies while students are on school grounds, in school buildings, on buses or during any other time they are under the direct administrative jurisdiction of the school whether on or off the school grounds.

Goal

The goal of this policy is to provide a 100% tobacco-free, smoke-free environment for all students, staff and visitors within all district facilities, vehicles and grounds and at all High Point Academy-sponsored events by doing the following.

- exhibiting healthy behavior for all students, staff, visitors and the entire community
- utilizing proven and effective science-based tobacco use prevention curricula
- providing access to cessation counseling or referral services for all students and staff

Procedures

- Prohibit the use and/or possession of all tobacco products or paraphernalia including, but not limited to, cigarettes, cigars, pipes, smokeless tobacco, snuff and all alternative nicotine products such as e-cigarettes by all students, staff, contract and other workers and visitors.
- Ensure that tobacco use prevention programs, as recommended by the South Carolina Department of Health and Environmental Control, the South Carolina Department of Alcohol and Other Drug Abuse Services and the South Carolina Department of Education, are an integral part of district substance abuse prevention efforts.

- Provide and/or refer to cessation services for students and staff.

Enforcement

High Point Academy will enforce this policy by determining appropriate disciplinary actions for violators (students, faculty, visitors) such as the following.

- parent/legal guardian/administrator conferences
- mandatory enrollment in a tobacco prevention education program
- community service
- in-school suspension
- out-of-school suspension
- Suspension from extracurricular activities

Education and assistance

High Point Academy will be responsible for utilizing proven and effective tobacco use prevention curricula to educate all students and providing appropriate counseling and/or referral services for students.

Tobacco industry marketing or sponsorship

High Point Academy will not accept any contributions or gifts, money or materials from the tobacco industry. High Point Academy will not participate in any type of services that are funded by the tobacco industry. In addition, any gear, paraphernalia, clothing, etc. that advertises tobacco use or tobacco products will not be allowed on district grounds or in the possession of faculty, staff or students at district-sponsored events.
